Subject: Net Metering

Dear Sir or Madame,

Please forward this message to the appropriate person. (The "contacts" link on your website is not currently operable.)

I am writing in reference to Docket 2005-385-E Order No. 2006-680. As a citizen of South Carolina, I want to express my disappointment that the state does not currently require the practice of net metering and encourage you to enact legislation that will bring this practice to our state as rapidly as possible. 35 other states have realized that net-metering encourages citizens to invest in renewable sources of energy.

I would appreciate confirmation that my statement has been received by the appropriate person at SCPSC.

Sincerely,

Tim Carens
